EXPENSES CLAIM
PROGRAM "SI NOTES
DE FRAIS"

User guide

15.05.2017

Tips for optimal navigation and general information

- Use the Mozilla Firefox browser
- Use your ISIS account to connect via the university portal: https://portail.unige.ch/accueil.

Select the icon

then click on

You will get to the application's main menu.

This screen is the access point for the various functions of the expenses claim program "SI Notes de frais". Note the following links on the top right-hand side.

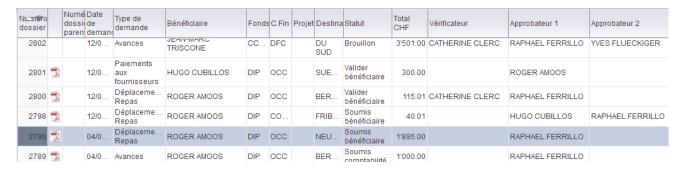

- The link takes you to this guide;
- The link takes you to process 0083 of the administrative guide called "Pay or refund expenses for travel, hospitality, meals and small claims";

The upper part of the screen is split into the area for creating new claims on the left, and the area for advanced searches on the right. It can be used to search by the beneficiary's case number, the date of the claim, the type of claim or the status.

The lower part of the screen has buttons for:

- o Copying expenses claims, whether already submitted or drafts,
- Modifying the current claim (draft status),
- o Consulting claims that have already been submitted,
- Deleting draft claims.

The lower area of the screen also provides an overview of all the claims submitted by the **claimant** (claim archive).

Please note:

 Before changing screen, it is recommended that you save your draft as a precaution, by clicking "Sauvegarder le brouillon" (Save draft). The case number is created automatically when you save a draft, starting on the first screen;

- The button "Suivant" (Next) controls data entry and allows you to go on to the next step once the compulsory fields indicated with an asterisk (*) have been filled;
- The button "*Précédent*" (Back) does not control data entry and allows you to return to the previous screen.
- N.B. It is also possible to navigate by clicking on the buttons for the individual steps, as long as all the information has been filled in on that screen.

Four templates are available on the main menu:

Travel, meals:

o Professional journeys or meals in Switzerland or abroad

• Paying suppliers:

- o Paying travel agents' bills, for example: Kuoni and/or
- o In the context of organising conventions, for example: Novae
- o Caterers, buying food or drinks

Small claims¹:

- Buying office supplies
- Buying software or small items of IT equipment (less than CHF 1,000.00 and excluding PCs)

Advances:

Advances in cash or by transfer for meals or travel

The main terms used in the expenses claim program "SI Notes de frais", and the roles and responsibilities:

- Demandeur (Claimant): The person who creates an expenses claim in the expenses claim program "SI Notes de frais", whether for an employee or for themselves as beneficiary. The claimant receives a final notification once the case is "approved". They print the approved document and send it to the accounting service with original supporting documents.
- <u>Bénéficiaire</u> (Beneficiary): The employee who, in a professional context, travels, purchases a meal or organises an event.
- <u>Vérificateur (Verifier)</u>: The person designated by the beneficiary's hierarchical superior. This person ensures that all the information necessary for validation (approval) by the beneficiary's hierarchical superior is present. In particular, they check that all documents have been submitted by the beneficiary.
- <u>Approbateur (Approver)</u>: The beneficiary's hierarchical superior (fund holder or cost centre manager), who ensures the necessity of the expenditure and the availability of the budget. If they participate in the event for which the expenses were incurred as a guest, it is the manager of the cost centre who approves the expenses.

Summary of the electronic workflow:

- o The claimant fills in an expenses claim for the beneficiary.
- o The **beneficiary** receives an email with a link to the program, checks the entry and the documents provided by the claimant, then validates the claim.

In principle, these expenses should be handled in the purchase flow using the purchasing portal (SIEA). In exceptional circumstances, they can be refunded using SI Notes de frais.

- The **verifier** appointed by the fund holder then receives a notification. They check the pertinence of the claim and the scanned documents, then pre-approve the claim.
- The **approver** receives a message, clicks on the validation link in the message and **approves** the expenditure if they judge it to be necessary and if the budget is available.
- A final message is automatically sent to the claimant, who prints the pdf of the expenses claim from the expenses claim program "SI Notes de frais" and attaches the original documents. The claim and the approved supporting documents are sent to the accounting service by internal mail.
- The accounting service checks that the expenses claim and the supporting documents tally.
 They then release the payment and save the accounting and budgetary entry.

Creating an expenses claim: Travel and meals

INFORMATION REGARDING THE CLAIMANT Informations Demandeur Informations Bénéficiaire Coordonnées Bancaires Prestation(s) Remboursée(s) Accompagnants Informations Imputation Liste des Frais Commentaires Soumettre Demand

The claimant is the person who creates an expenses claim in the expenses claim program "SI Notes de frais", either for an employee, an external person, or for themself as beneficiary. The claimant receives a final notification once the case is "approved". They print the approved document and send it to the accounting service with original supporting documents.

The screen automatically displays the claimant's personal details.

INFORMATION REGARDING THE BENEFICIARY

Informations Demandeur Informations Bénéficiaire Coordonnées Bancaires Prestation(s) Remboursée(s) Accompagnants Informations Imputation Liste des Frais Commentaires Soumettre Demande

REFUND FOR AN INTERNAL BENEFICIARY

An **internal beneficiary** is an employee who, in a professional context, travels, purchases a meal or organises an event.

UNI DE (VERSITÉ GENÈVE		DEPLACEMEN	TS, REP	AS ()

		Ret	our au menu pri	ncipal	Précéde	nt
		terne 🔘 Externo	e		70	
* Nom et prén Fonction	om				-	

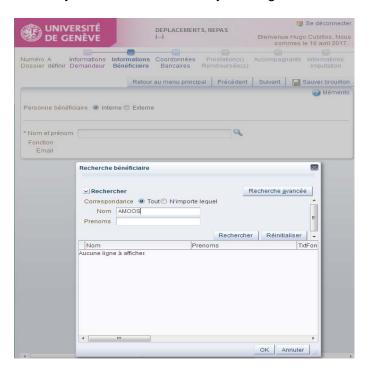

a) Information regarding an internal beneficiary

Enter the first letters of the beneficiary's name in the relevant dialog box. You will then be able to select the name and press "enter".

You could also click on the magnifying glass, which opens a dialog box for searching for the beneficiary. Enter the beneficiary's name and confirm by clicking "OK".

b) Bank account details

For reasons of confidentiality, bank account details do not appear in full. The default account is the account the beneficiary's salary is paid into.

If the beneficiary made the payment in full with a UNIGE **credit card**, check the box "Paiement réalisé avec la carte de crédit de l'Université" (Payment made with University credit card) and enter the cardholder's name.

The program then checks that the card is authorised.

If the beneficiary wants the payment to be made to an account other than the one preselected by default, check the box "Utiliser un compte alternatif" (Use a different account) and fill in the compulsory fields indicated with an asterisk (*).

REFUND FOR AN EXTERNAL BENEFICIARY

a) Information regarding the external beneficiary

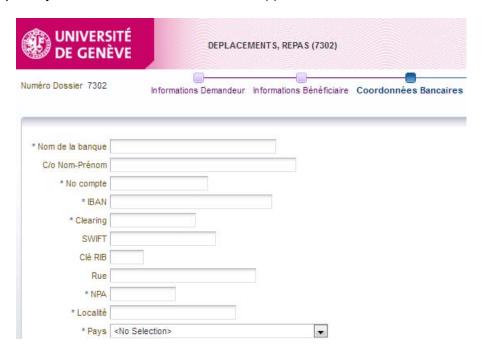

An **external beneficiary** is a person who, in a professional context, travels, purchases a meal or organises an event.

Select "Externe" (External) under "Informations bénéficiaire" (Beneficiary information) and fill in the compulsory fields indicated with an asterisk (*).

b) Bank account details

Fill in the compulsory fields indicated with an asterisk (*).

Please note, refunds for **guest lecturers** are not treated in the expenses claim program "SI Notes de frais". For this, fill in the form attached to process 0043 of the administrative guide "Rémunérer un-e conférencier-ère, un-e juré-e de thèse ou un-e expert-e évaluateur-trice" (Refund a guest lecturer, thesis jury member or expert evaluator).

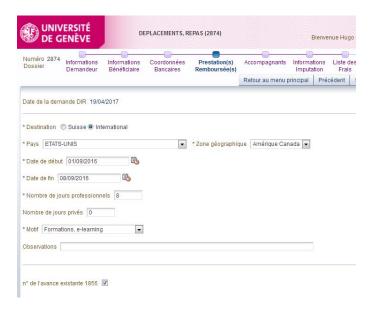

WHAT IS TO BE REFUNDED Informations Demandeur Informations Bénéficiaire Coordonnées Bancaires Prestation(s) Remboursée(s) Accompagnants Informations Imputation Liste des Frais Commentaires Soumettre Demande

Fill in the compulsory fields indicated with an asterisk (*).

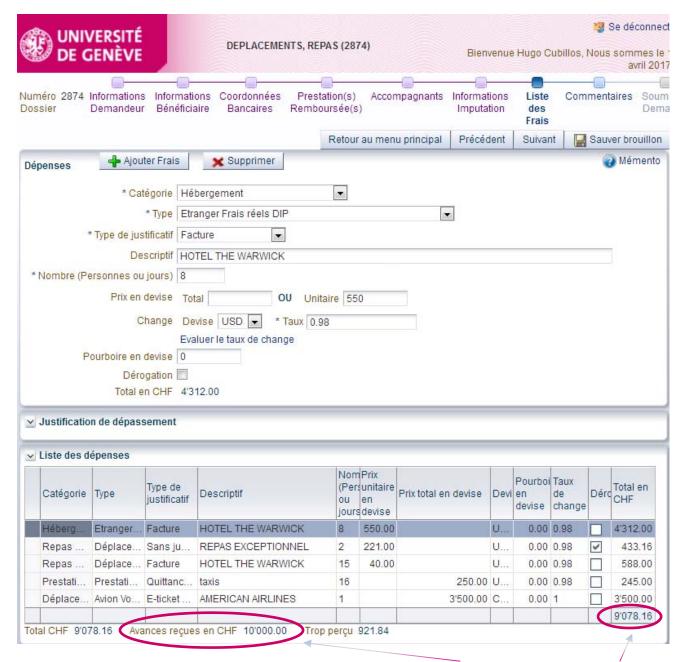

Please note that the number of days of the trip need to be indicated, as do any days of private travelling.

If the expenses to be refunded are for a trip or meal for which an advance was granted, "no de l'avance existante" (No. of existing advance) needs to be checked. The expenses claim program "SI Notes de frais" will deduct the amount of the advance – which it will have in its memory – during the step "Liste des frais" (List of expenses) where you will enter the expenditure.

During the stage above – "Liste des frais" (List of expenses) – the total expenditure, advances and balance to be returned or refunded will be indicated at the bottom of the screen.

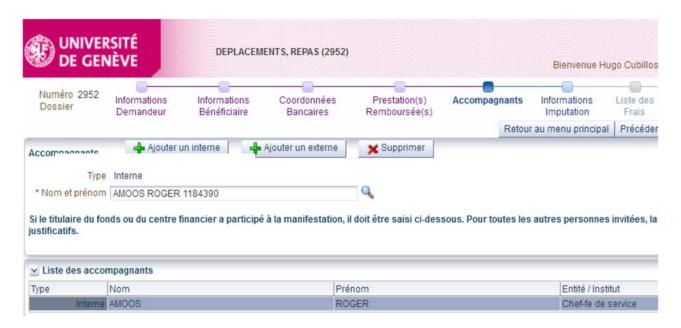

ACCOMPANYING PERSONS Informations Demandeur Informations Bénéficiaire Coordonnées Bancaires Prestation(s) Remboursée(s) Accompagnants Informations Imputation Liste des Frais Commentaires Soumettre Demande

Mention any employees or external people who took part in a trip within Switzerland or abroad.

In the context of invitations to meals, indicate the superiors of the beneficiary who participated in the event.

Provide a list indicating the **number**, **surname and name** of internal and external guests. Include a pdf of this document in the list of supporting documents. This list needs to be attached during the one before last step of the process under "Commentaires" (Comments).

If the fund holder or their hierarchical superior is an accompanying person, you must include them in the list of accompanying persons² even if they are already included in an Excel or Word list.

COST INFORMATION Informations Demandeur Informations Bénéficiaire Coordonnées Bancaires Prestation(s) Remboursée(s) Accompagnants Informations Imputation Liste des Frais Commentaires Soumettre Demande

CHOICE OF FUND HOLDER

The **verifier** is the person designated by the beneficiary's hierarchical superior. This person ensures that all the information necessary for validation (approval) by the beneficiary's hierarchical superior is present. In particular, they check that all documents have been submitted by the beneficiary.

Search for the verifier designated by the fund holder (facultative) by typing the first letters of their surname.

² This information is essential for ensuring that the electronic signatures are correct.

17 May 2017

Select the **hierarchical superior** by entering the first letters of their surname.

CHOOSING THE COST CODE

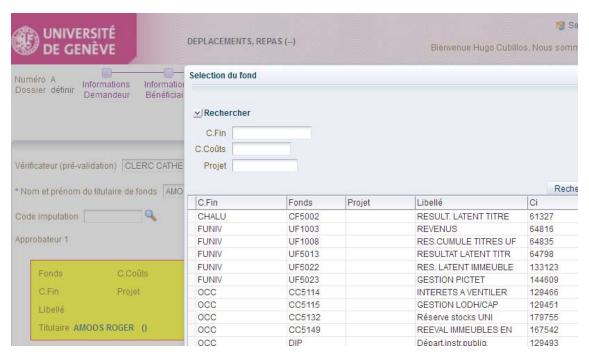

The approver is the beneficiary's hierarchical superior, who ensures the necessity of the expenditure and the availability of the budget.

The person who approves the expenditure is generally the fund holder, unless they took part in the meal or trip, in which case the approver is the fund holder's hierarchical superior. If they also took part in the event, the person approving the expenditure needs to get it validated by the Dean of the faculty, or the Rectorate. Delegations of signing authority do not apply in the expenses claim program "SI Notes de frais".

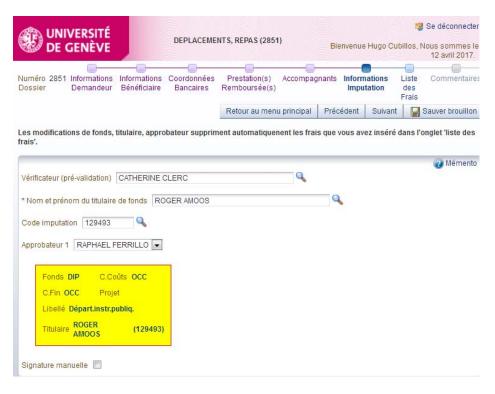

Click on the magnifying glass to select the **cost code** of the fund paying.

Do not enter the cost code manually. The system does not always recognise them, so the risk of error is high.

MANUAL SIGNATURE

The checkbox "Signature manuelle" (manual signature) is authorised if the fund holder (approver 1) is away long-term, so that the claim does not end up stuck in their inbox. Checking this box automatically interrupts the electronic approval workflow.

Signature manuelle

This function can only be used in exceptional circumstances.

Their substitute, designated by the verifier or the beneficiary, enters their surname, name and the current date, and signs the printed "manual signature" document before sending it to the accounting service.

In order of increasing seniority, possible substitutes are:

- The manager of the cost centre,
- The department manager,
- The president of the section,
- The dean or the director of an interfaculty centre or the director of a division,
- The relevant vice rector or the secretary general,
- The rector

The accounting service checks that the hierarchy has been respected, and only accepts forms with "approved" status that have been signed by the authorised persons.

LIST OF EXPENSES

The list of expenses is for determining the type, the budget item and the management of the administrative guide rules. By completing the list of expenses, you enable automatic compliance checks regarding the management rules set out in the administrative guide.

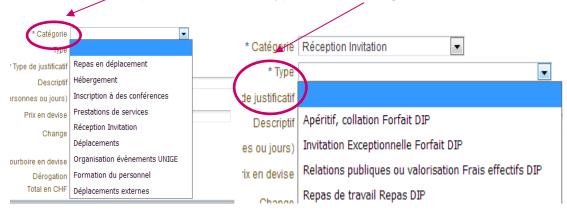

Click "Ajouter frais" (add expenses) to create a line of expenditure to be refunded.

Create a line of expenditure per bill to be refunded.

Fill in the compulsory fields indicated with an asterisk (*).

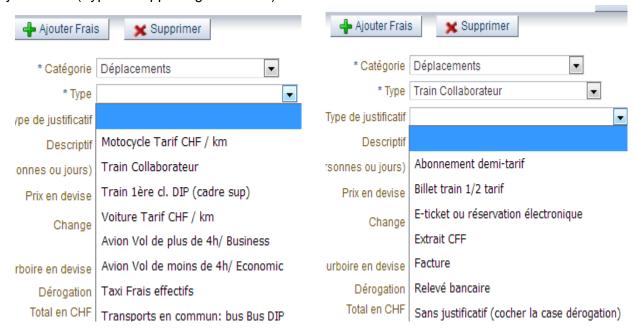

Under the heading "Category", the system opens a dropdown menu of types of expenses. There is also a dropdown menu for "Type of supporting document".

The screenshots below show the various options under "Catégorie" (Category) and "Type de justificatif' (Type of supporting document).

The following fields need to be filled:

Devise (Currency)

Catégorie (Category) Meal purchased during a trip, accommodation, etc. Type Type of transport Type de justificatif E.g. bill, e-ticket, boarding pass (Type of supporting document) Descriptif (Description) The type of expenditure corresponding to the supporting documents provided Nombre de personnes In all cases, indicate the number of participants or days ou de jours (Number of depending on the situation people or days) Prix en devise (Price in currency)

Indicate either the total of the bill or the price per unit per person

If the expenditure was in a currency other than Swiss francs, go to www.oanda.com and follow the instructions below

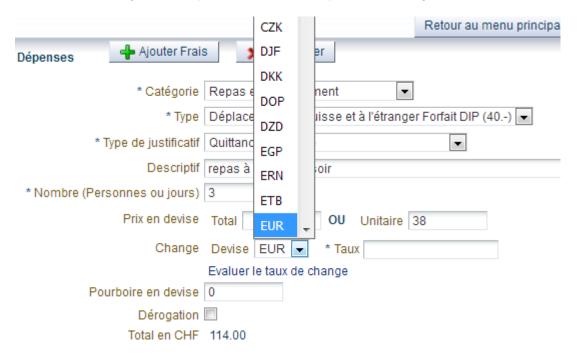

Taux de change This should be the exchange rate on the first day of the trip (Exchange rate)

The maximum authorised tip is 3% (this will be checked by the Pourboires (Tips) expenses claim program "SI Notes de frais" in a future development)

> Change Devise CHF ▼ Taux 1 Evaluer le taux de change Pourboire en devise 0

For expenditure in foreign currency, select the currency and save, e.g. EUR.

Click on the link "Evaluer le taux de change" (Evaluate exchange rate) and you will be taken to the Oanda website. Enter the amount and the currency for the conversion.

Select the exchange rate for the first day of the trip.

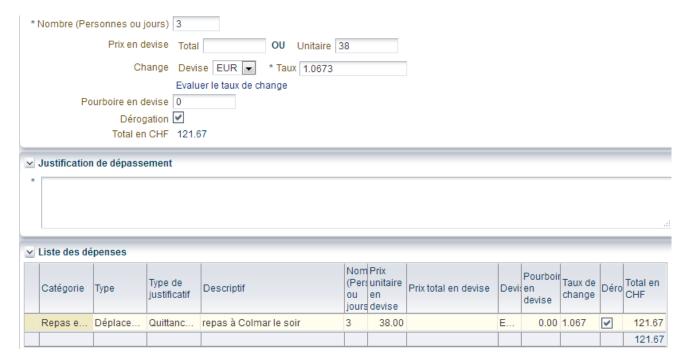

Convertisseur de devises

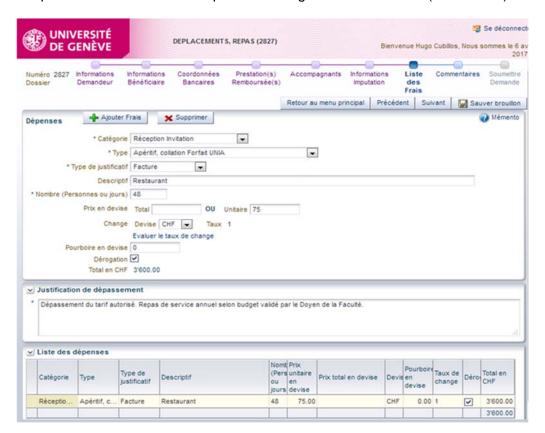

This is what the screen will look like once you have entered the information from the Oanda website with the correct amount to be refunded in Swiss francs.

If the expenses claim is not compliant with the rules set out in the administrative guide, the box "Dérogation" (Derogation) is **automatically** checked.

Fill in the "Justification du dépassement" (Justification for exceeding the limit) and attach the hierarchical superior's authorisation as a pdf at the stage "Commentaires" (Comments).

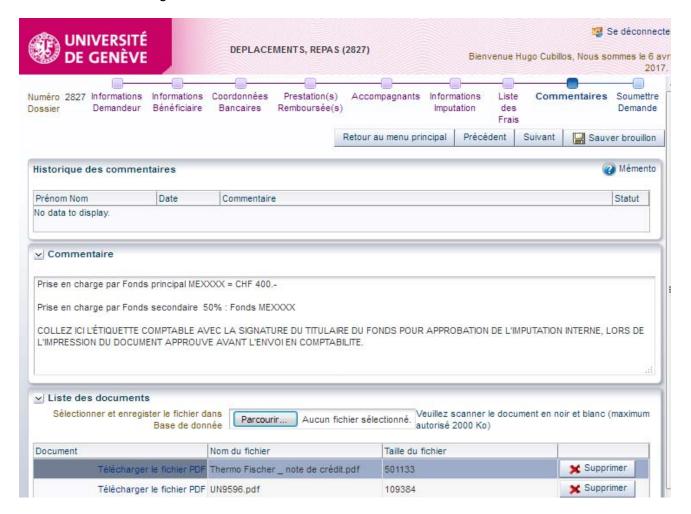

COMMENTS Informations Demandeur Informations Bénéficiaire Coordonnées Bancaires Prestation(s) Remboursée(s) Accompagnants Informations Imputation Liste des Frais Commentaires Soumettre Demande

At this stage, it is possible to:

- Enter a comment for the accounting service, e.g. if part of the expenditure is covered by a different fund.
- Provide information relating to bank account numbers or any other important information for efficient handling of the case.

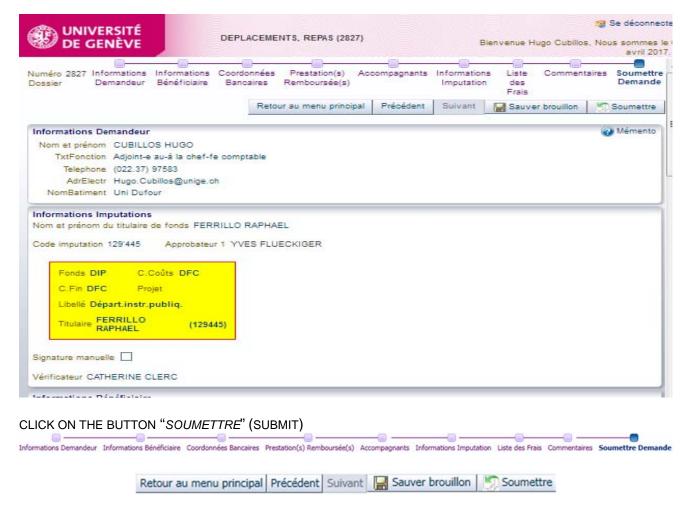

The **list of documents** (*Liste des documents*) allows you to attach black and white pdf documents. You need to attach at least the original supporting documents, and possibly a list of participants, or any other information necessary for processing the refund. This is essential for verification and checking by everybody involved in the process.

At the last stage, a summary of the data entered allows the claimant to carry out a final check before submitting the claim to the beneficiary.

A red text will appear indicating that the claim has been submitted. A case number is automatically created.

Back on the main screen, the status of the claim will have changed from being a modifiable draft (*Brouillon*) to "Soumis bénéficiaire" (Submitted to beneficiary).

Avec nos cordiales salutations.	

Dear Sir/Madam,

Please click on the link below and check your professional expenses claim (entered by Ms Vanina Magali Rossier).

Links:

UNIGE network:

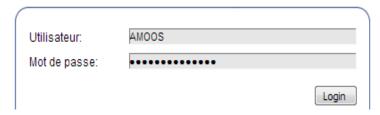

HUG network:

Kind regards.

When the beneficiary clicks on the UNIGE intranet link, they will arrive on a login screen for confirming the claim.

Tapez votre identifiant pour l'Université de Genève et votre mot de passe ci-dessous, puis cliquez sur le bouton "Login" pour continuer.

See below for the screen the beneficiary sees with the status "Soumis bénéficiaire" (Submitted to beneficiary). Please note that the option "Consulter" (Consult) goes to the summary of all the claims handled, and not the validation of the open case. The beneficiary selects the relevant line and then clicks on the button "Approuver ou refuser une demande" (Accept or reject a claim).

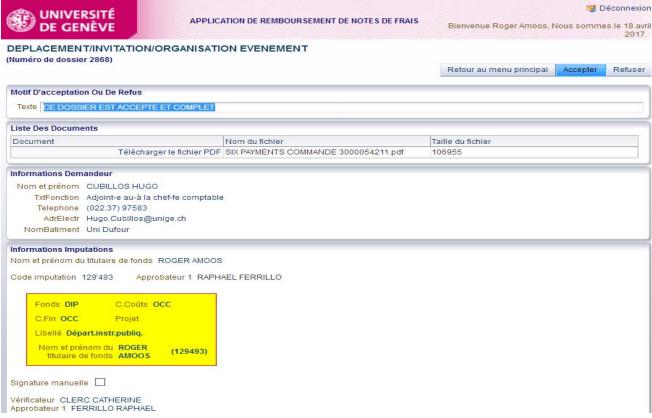

Once they have done that, the beneficiary arrives on the following screen:

At this stage, the beneficiary can accept or reject the claim by entering an appropriate comment for the claimant.

Once the expenses claim has been verified and validated, it will no longer appear in the beneficiary's list of tasks.

Madame, Monsieur,

En tant que vérificateur, la demande de remboursement de frais professionnels de CUBILLOS Hugo vous est soumise pour contrôle. Il vous appartient ainsi de vous assurer de la présence de toutes les informations nécessaires à l'approbation par le supérieur hiérarchique du bénéficiaire. En particulier, vous contrôlez la cohérence de la demande et des pièces soumises par le bénéficiaire (numérisées), puis pré-valider a demande

Avec nos cordiales salutations.

Réseau Unige :
https://wwwit.intranet.unige.ch/compta/rmbf/DmdValidation/home
Réseau HUG :
https://wwwit.unige.ch/compta/rmbf/DmdValidation/home

Dear Sir/Madam.

Hugo Cubillos's professional expenses claim has been sent to you as verifier. Please check that all the necessary information is present for the claimant's hierarchical superior to approve the claim. In particular, please check that the claim is coherent and that all necessary supporting documents have been attached (digitally), then pre-validate the request.

Links:

UNIGE network:

HUG network:

Kind regards.

The verifier logs in using the link and checks the expenses claim and supporting documents. They carry out any particular checks identified in line with the approver's requirements.

Tapez votre identifiant pour l'Université de Genève et votre mot de passe ci-dessous, puis cliquez sur le bouton "Login" pour continuer.

To check the claim, select the case and then click on the button "Approuver ou refuser une demande" (Accept or reject a claim).

Avec nos cordiales salutations.

c) Finally, the approver receives a message asking them to accept or reject the expenses claim.

If they reject it, it will be returned to the initial claimant with a compulsory text explaining the reason for the rejection. In this case, the only method for the claimant to reuse the data is to copy the expenses claim and to correct whatever led to the approver's rejection.

Dear Sir/Madam,

Hugo Cubillos's professional expenses claim has been sent to you for approval in your capacity as hierarchical superior, fund holder or cost centre manager (verified by Catherine Clerc). Please check the necessity of the expenditure and the availability of the budget.

Links:

UNIGE network:

HUG network:

Kind regards.

The approver also clicks on the UNIGE intranet link. They can still reject the request.

Tapez votre identifiant pour l'Université de Genève et votre mot de passe ci-dessous, puis cliquez sur le bouton "Login" pour continuer.

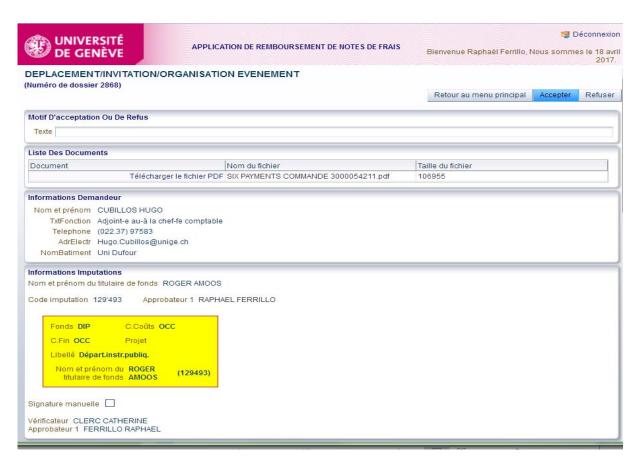

Select the case and then click on the button "Approuver ou refuser une demande" (Accept or reject a claim).

After ensuring the necessity of the expenditure and the availability of the budget, the approver accepts or rejects the claim using the buttons "Accepter" (Accept) and "Refuser" (Reject).

d) The approved expenses claim is then returned to the claimant via the email below.

Avec nos cordiales salutations.

Dear Sir/Madam,

The abovementioned request has been validated for beneficiary Hugo Cubillos (approved by approver 1 Raphaël Ferrillo).

Please send the claim form and the original supporting documents by internal mail to the accounting service, Rue Général Dufour 24, 1211 Genève 4.

Links:

UNIGE network:

HUG network:

Kind regards.

The claimant clicks on the UNIGE intranet link and logs in. they note the status (in the column "Statuts"). The case is "Soumis comptabilité" (Submitted to accounts) and therefore approved.

The following actions need to be performed to finalise the case:

- ♣ The claimant prints the pdf of the approved form and attaches the original supporting documents. This makes up the case file.
- The case file is sent to the accounting service by internal mail.

Courrier

Fonction

Only expenses claims approved by the fund holder or other approver can be sent to the accounting service.

INFORMATION REGARDING THE CLAIMANT Informations Demandeur Informations Bénéficiaire Fournisseur Externe Coordonnées Bancaires Prestation(s) Remboursée(s) Accompagnants Informations Imputation Liste des Frais Commentaires Soumettre Demand

The claimant is the person who creates an expenses claim in the expenses claim program "SI Notes de frais", either for an employee, an external person, or for themself as beneficiary. The claimant receives a final notification once the case is "approved". They print the approved document and send it to the accounting service with original supporting documents.

The screen automatically displays the claimant's personal details.

INFORMATION REGARDING THE BENEFICIARY Informations Demandeur Informations Bénéficiaire Fournisseur Externe Coordonnées Bancaires Prestation(s) Remboursée(s) Accompagnants Informations Imputation Liste des Frais Commentaires Soumettre Demande

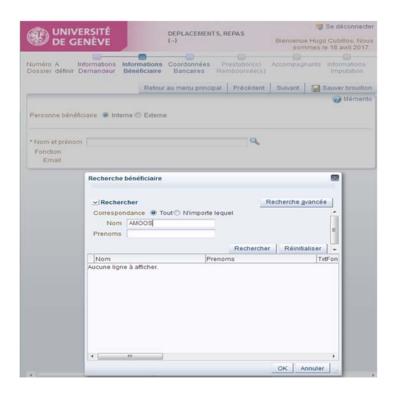

The **beneficiary** is the employee who, in a professional context, organises an event.

Enter the first letters of the beneficiary's name in the relevant dialog box. You will then be able to select the name and press "enter".

You could also click on the magnifying glass, which opens a dialog box to search for the beneficiary. Enter the beneficiary's name and confirm by clicking "OK".

EXTERNAL SUPPLIER Informations Demandeur Informations Bénéficiaire Fournisseur Externe Coordonnées Bancaires Prestation(s) Remboursée(s) Accompagnants Informations Imputation Liste des Frais Commentaires Sournettre Demande

The **external supplier** is the entity that needs to be paid for a service.

This step is for determining the supplier for payment of the bill. There are two possible cases: either the supplier exists in the SAP database or they need to be created.

EXISTING SUPPLIER

a) Information regarding the external supplier

First of all, the claimant checks whether the supplier exists in the system by selecting "Existant" (Existing).

Click on the magnifying glass to open the dialog box and enter the supplier's name.

Select an existing supplier in the database.

Check the VAT number and/or postal address on the bill to be paid. Select the desired supplier, either by double clicking or by highlighting them and confirming using the button.

The supplier that already exists in the database is then displayed:

b) Bank account details

The cursor is automatically positioned over "Autre compte" (Other account) to ensure that the user notices if the account has changed. Check the bank account details indicated on the bill to be paid.

If the account number needs to be changed, mention it under "Voir document joint" (See attached document) so the accounting service can modify the account in the appropriate database.

If the account number is correct, click "Banque" (Bank).

NEW SUPPLIER (TO BE CREATED)

a) Information regarding the external supplier to be created

If the supplier cannot be found, a new supplier needs to be created. The claimant checks the box "Nouveau" (New).

Fill in the compulsory fields indicated with an asterisk (*).

b) Bank account details

If the claimant does not want to enter the bank account details, they need to attach a pdf of the bill containing the bank account details in the section "Document joint" (Document attached). Please note that this original bill needs to be attached to the file and the accounting service will use the information to create the new supplier.

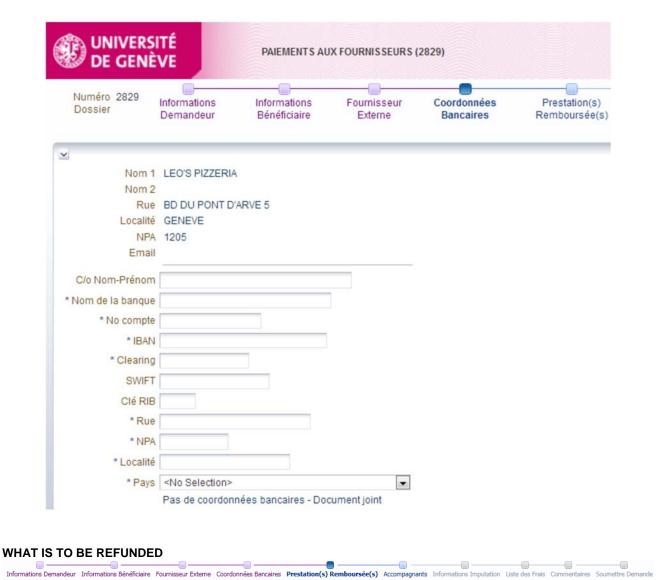

The screenshot below shows the information entered without the bank account details, which will be added by the accounting service.

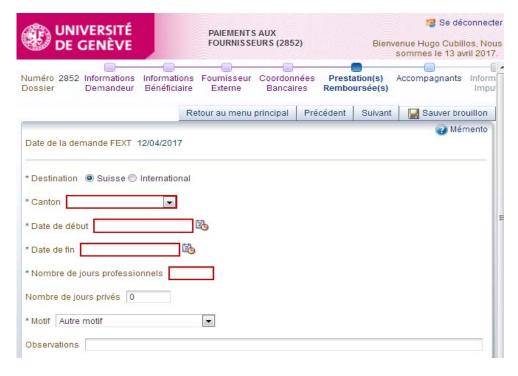

If the claimant enters the bank account details themselves, they fill in the compulsory fields indicated with an asterisk (*) in the screenshot below.

Fill in the compulsory fields indicated with an asterisk (*). Indicate either "Suisse" (Switzerland) or "International".

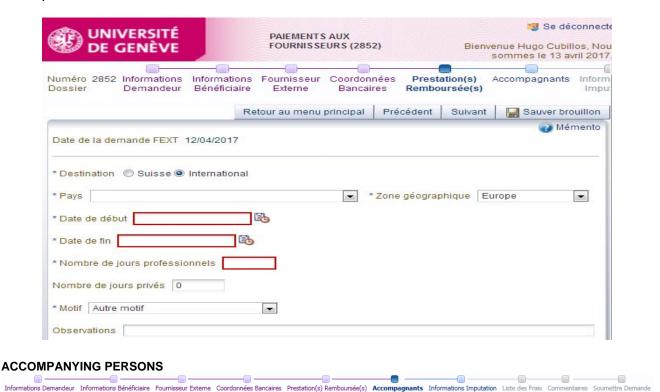

The field "Observations" (Notes) is compulsory if the attached documents are older than three months.

The input screen "International" needs to be filled in in full.

You need to differentiate between internal and external accompanying persons because of signature rights.

For UNIGE employees (internal), click on "Ajouter un interne" (Add an internal employee) and enter the first three or four letters of the accompanying person's name in the box. The program will suggest a list of names beginning with these letters. Select the desired name and press "enter".

Internal accompanying persons can also be defined by clicking on the magnifying glass and entering the name desired. To validate the accompanying person's name, click "OK" or double click the line desired.

Some rules need to be followed to ensure the **program** works correctly.

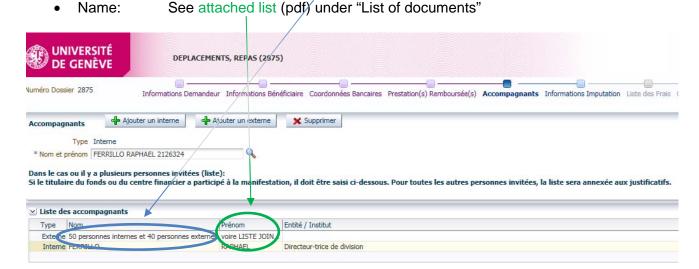

For external accompanying persons, click "*Ajouter un externe*" (Add an external person) and fill in the compulsory fields indicated with an asterisk (*).

If you have an Excel list with numerous internal or external guests, mention it in the same way as if you were adding an external person, with the note:

• Surname: 50 internal people and 40 external people

Attach the file during the step "Commentaires" (Comments).

COST INFORMATION

CHOICE OF FUND HOLDER

The **verifier** is the person designated by the beneficiary's hierarchical superior. This person ensures that all the information necessary for validation (approval) by the beneficiary's hierarchical superior is present. In particular, they check that all documents have been submitted by the beneficiary.

Search for the verifier designated by the fund holder (facultative) by typing the first letters of their surname.

Select the hierarchical superior by entering the first letters of their surname.

CHOOSING THE COST CODE

The **approver** is the beneficiary's hierarchical superior, who ensures the necessity of the expenditure and the availability of the budget.

The person who approves the expenditure is generally the fund holder, unless they took part in the meal or trip, in which case the approver is the fund holder's hierarchical superior. If they also took part in the event, the person approving the expenditure needs to get it validated by their superior (Dean of the faculty or Rectorate level). Delegations of signing authority do not apply in the expenses claim program "SI Notes de frais".

Click on the magnifying glass to select the cost code of the fund paying.

Do not enter the cost code manually. The system does not always recognise them, so the risk of error is high.

MANUAL SIGNATURE

The checkbox "Signature manuelle" (manual signature) is authorised if the fund holder (approver 1) is away long-term, so that the claim does not end up stuck in their inbox. Checking this box automatically interrupts the electronic approval workflow.

Signature manuelle

This function can only be used in exceptional circumstances.

Their substitute, designated by the verifier or the beneficiary, enters their surname, name and the current date, and signs the printed "manual signature" document before sending it to the accounting service.

In order of increasing seniority, possible substitutes are:

- The hierarchical superior within the cost centre,
- The department manager,
- The president of the section,
- The dean or the director of an interfaculty centre or the director of a division,
- The relevant vice rector or the secretary general,
- The rector

The accounting service checks that the hierarchy has been respected, and only accepts forms with "approved" status that have been signed by the authorised persons.

LIST OF EXPENSES

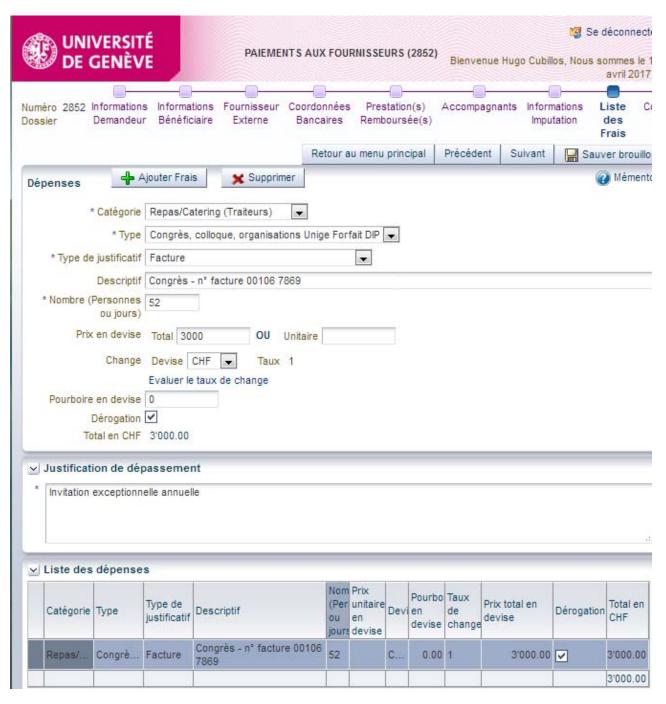

The **list of expenses** is for determining the type, budget item and the management of the administrative guide rules. By completing the list of expenses, you enable automatic compliance checks regarding the management rules set out in the administrative guide.

Click "Ajouter frais" (Add expenses) to create a line of expenditure to be refunded. Create a line of expenditure per bill to be refunded.

Fill in the compulsory fields indicated with an asterisk (*).

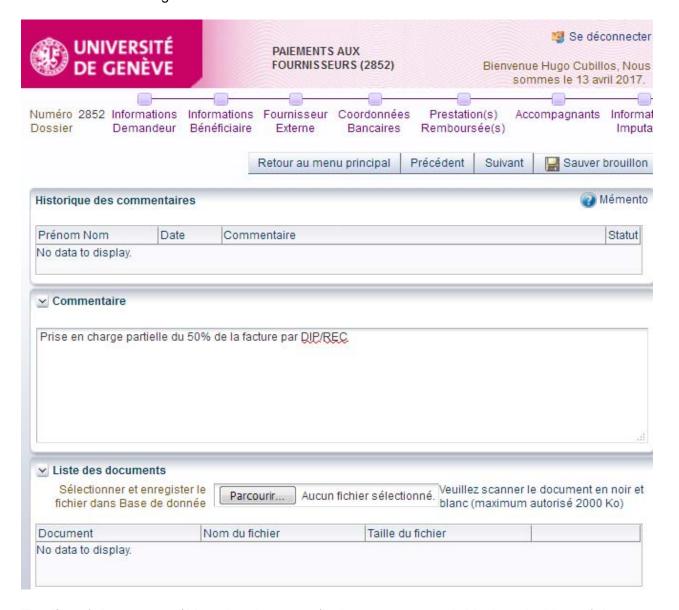

Only the categories visible in the expenses claim program "SI Notes de frais" can be used with this process. For any other supplier payments, use the purchasing portal (SIEA).

COMMENTS Informations Demandeur Informations Bénéficiaire Fournisseur Externe Coordonnées Bancaires Prestation(s) Remboursée(s) Accompagnants Informations Imputation Liste des Frais Commentaires Soumettre Demande

At this stage, it is possible to:

- Enter a comment for the accounting service, e.g. if part of the expenditure is covered by a different fund.
- Provide information relating to bank account numbers or any other important information for efficient handling of the case.

The **list of documents** (*Liste des documents*) allows you to attach black and white pdf documents. You need to attach at least the original supporting documents, and any other information necessary for processing the refund. This is essential for verification and checking by everybody involved in the process.

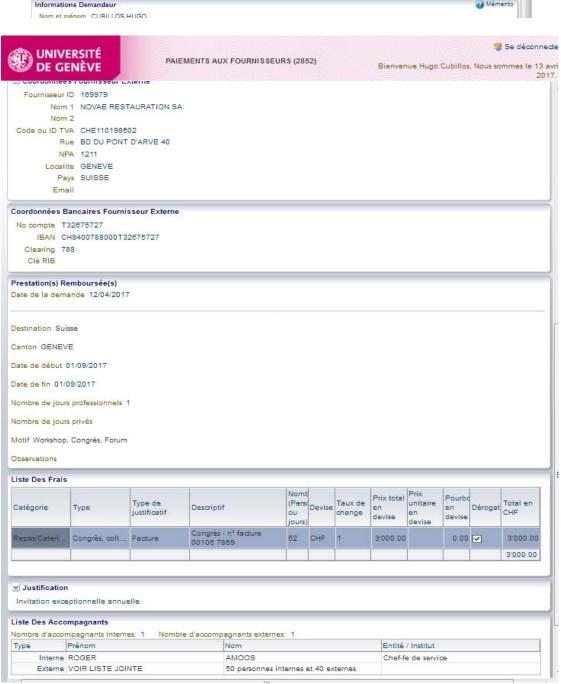

SUBMIT THE CLAIM

At the last stage, a summary of the data entered allows the claimant to carry out a final check before submitting the claim to the beneficiary.

The beneficiary for organisation of an event could be the event organiser. The accounting service executes the payment to the supplier.

A red text will appear indicating that the claim has been submitted. A case number is automatically created.

Back on the main screen, the status of the claim will have changed from being a modifiable draft (*Brouillon*) to "Soumis bénéficiaire" (Submitted to beneficiary).

The beneficiary, verifier and approver each receive a notification.

SUMMARY OF THE STAGES FOR APPROVING A SUPPLIER PAYMENT CLAIM

a) The claimant submits the expenses claim to the beneficiary, who receives an email asking them to check and validate the claim.

Small claims

Exceptionally, the form can be used for one-off small purchases of supplies, books, drinks, software or small items of IT equipment. In principle, these purchases should be handled in the ordinary purchase flow using the purchasing portal (SIEA).

For purchases of software or IT equipment planned in advance, the order needs to be entered using the purchasing portal (SIEA). For any purchase over CHF 1,000.00, the purchasing portal (SIEA) needs to be used.

INFORMATION REGARDING THE CLAIMANT

The **claimant** is the person who creates an expenses claim in the expenses claim program "SI Notes de frais", either for an employee, an external person, or for themself as beneficiary. The claimant receives a final notification once the case is "approved". They print the approved document and send it to the accounting service with original supporting documents.

The screen automatically displays the claimant's personal details.

INFORMATION REGARDING THE BENEFICIARY

Informations Demandeur Informations Bénéficiaire Coordonnées Bancaires Prestation(s) Remboursée(s) Accompagnants Informations Imputation Liste des Frais Commentaires Soumettre Demande

The **beneficiary** is an employee who, in a professional context, gets a refund for purchasing small items.

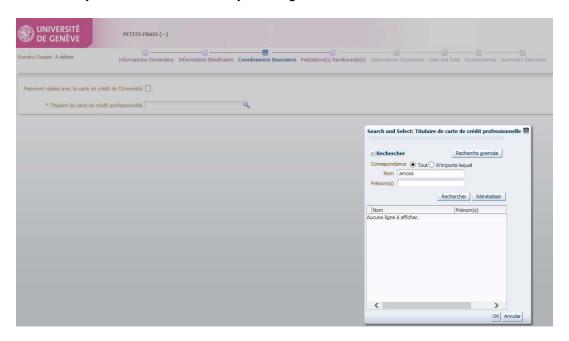

a) Information regarding an internal beneficiary

Enter the first letters of the beneficiary's name in the relevant dialog box. You will then be able to select the name and press "enter".

You could also click on the magnifying glass, which opens a dialog box to search for the beneficiary. Enter the beneficiary's name and confirm by clicking "OK".

b) Bank account details

For reasons of confidentiality, bank account details do not appear in full. The default account is the account the beneficiary's salary is paid into.

If the beneficiary made the whole payment with a UNIGE **credit card**, check the box "Paiement réalisé avec la carte de crédit de l'Université" and enter the cardholder's name.

The program then checks that the card is authorised.

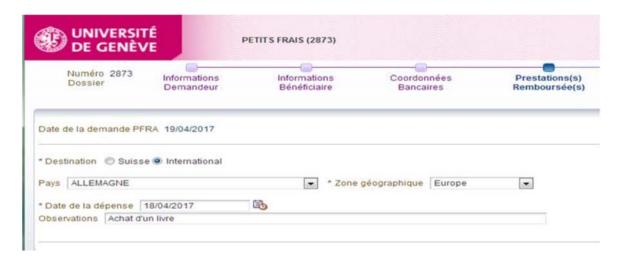

If the beneficiary wants the payment to be made to an account other than the one preselected by default, check the box "*Utiliser un compte alternatif*" and fill in the compulsory fields indicated with an asterisk (*).

WHAT IS TO BE REFUNDED Informations Demandeur Informations Bénéficiaire Coordonnées Bancaires Prestations(s) Remboursée(s) Informations Imputation Liste des Frais Commentaires Soumettre Demande

Fill in the compulsory fields indicated with an asterisk (*).

Indicate either "Suisse" (Switzerland) or "International".

The field "Observations" (Notes) is compulsory if the attached documents are older than three months.

If a "Numéro d'avance existante" (Existing advance number) appears at the bottom of the screen for the beneficiary, the program has detected an advance in cash or by transfer that has already been saved for the beneficiary. The system takes this advance into account if the box is checked.

n° de l'avance existante 1856 🔽

If the advance relates to the expenses to be refunded, check the box to deduct the amount from the expenses listed.

Page | **61**

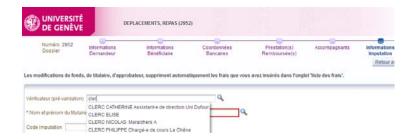

COST INFORMATION Informations Demandeur Informations Bénéficiaire Coordonnées Bancaires Prestations(s) Remboursée(s) Informations Imputation Liste des Frais Commentaires Soumettre Demande

CHOICE OF FUND HOLDER

The verifier is the person designated by the beneficiary's hierarchical superior. This person ensures that all the information necessary for validation (approval) by the beneficiary's hierarchical superior is present. In particular, they check that all documents have been submitted by the beneficiary.

Search for the verifier designated by the fund holder (facultative) by typing the first letters of their surname.

Select the hierarchical superior by entering the first letters of their surname.

CHOOSING THE COST CODE

The approver is the beneficiary's hierarchical superior, who ensures the necessity of the expenditure and the availability of the budget.

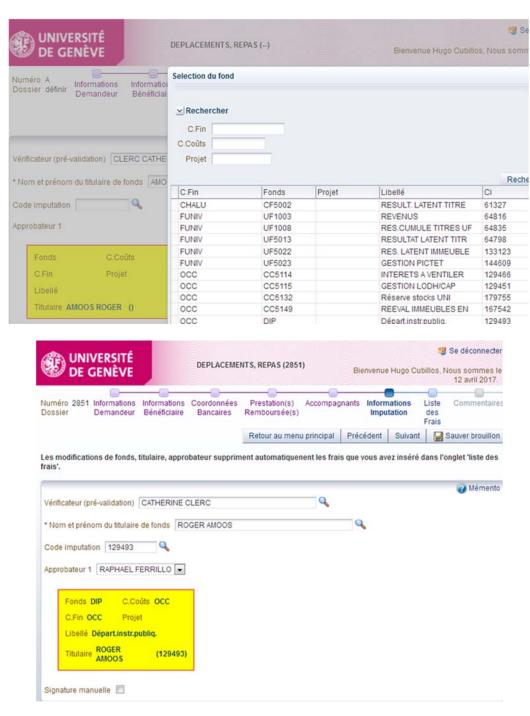

The person who approves the expenditure is generally the fund holder, unless they took part in the meal or trip, in which case the approver is the fund holder's hierarchical superior. If they also took part in the event, the person approving the expenditure needs to get it validated by their superior (Dean of the faculty or Rectorate level). Delegations of signing authority do not apply in the expenses claim program "SI Notes de frais".

Click on the magnifying glass to select the **cost code** of the fund paying.

Do not enter the cost code manually. The system does not always recognise them, so the risk of error is high.

MANUAL SIGNATURE

The checkbox "Signature manuelle" (Manual signature) is authorised if the fund holder (approver 1) is away long-term, so that the claim does not end up stuck in their inbox. Checking this box automatically interrupts the electronic approval workflow.

Signature manuelle 🔲

This function can only be used in exceptional circumstances.

Their substitute, designated by the verifier or the beneficiary, enters their surname, name and the current date, and signs the printed "manual signature" document before sending it to the accounting service.

DE GENEVE DE GENEVE POURSON COMPRAGNE ET GESTION FRANCIS

In order of increasing seniority, possible substitutes are:

- The hierarchical superior within the cost centre,
- The department manager,
- The president of the section,
- The dean or the director of an interfaculty centre or the director of a division,
- The relevant vice rector or the secretary general,
- The rector

The accounting service checks that the hierarchy has been respected, and only accepts forms with "approved" status that have been signed by the authorised persons.

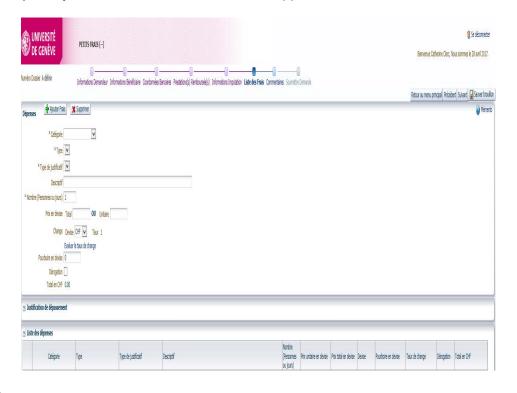

LIST OF EXPENSES

The list of expenses is for determining the type, budget item and the management of the administrative guide rules. By completing the list of expenses, you enable automatic compliance checks regarding the management rules set out in the administrative guide.

Click "Ajouter frais" (Add expenses) to create a line of expenditure to be refunded. Create a line of expenditure per bill to be refunded.

Fill in the compulsory fields indicated with an asterisk (*).

COMMENTS

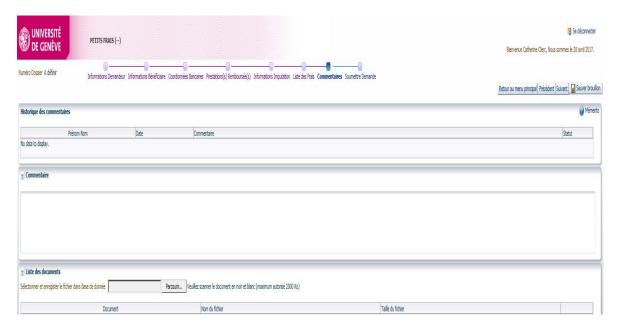

At this stage, it is possible to:

 Enter a comment for the accounting service, e.g. if part of the expenditure is covered by a different fund.

 Provide information relating to bank account numbers or any other important information for efficient handling of the case.

The **list of documents** (*Liste des documents*) allows you to attach black and white pdf documents. You need to attach at least the original supporting documents, and possibly a list of participants, or any other information necessary for processing the refund. This is essential for verification and checking by everybody involved in the process.

SUBMIT THE CLAIM Informations Demandeur Informations Bénéficiaire Coordonnées Bancaires Prestation(s) Remboursée(s) Accompagnants Informations Imputation Liste des Frais Commentaires Soumettre Demande

At the last stage, a summary of the data entered allows the claimant to carry out a final check before submitting the claim to the beneficiary.

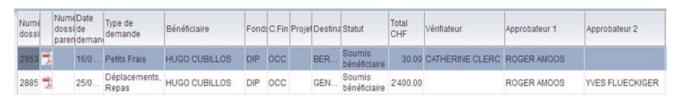

CLICK ON THE BUTTON "SOUMETTRE" (SUBMIT)

A red text will appear indicating that the claim has been submitted. A case number is automatically created.

Back on the main screen, the status of the claim will have changed from being a modifiable draft (*Brouillon*) to "Soumis bénéficiaire" (Submitted to beneficiary).

SUMMARY OF THE STAGES FOR APPROVING A SMALL CLAIM

a) The claimant submits the expenses claim to the beneficiary, who receives an email asking them to check and validate the claim.

Page | **77**

Advances

Advances are only provided for travel or meals.

INFORMATION REGARDING THE CLAIMANT

The screen automatically displays the claimant's personal details.

INFORMATION REGARDING THE BENEFICIARY

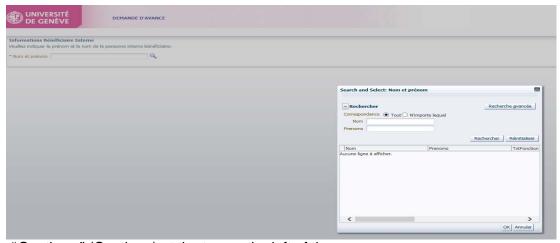

a) Information regarding an internal beneficiary

An **internal beneficiary** is an employee who, in a professional context, travels, purchases a meal or organises an event.

Enter the first letters of the beneficiary's name in the relevant dialog box. You will then be able to select the name and press "enter".

You could also click on the magnifying glass, which opens a dialog box to search for the beneficiary. Enter the beneficiary's name and confirm by clicking "OK".

Click on "Continuer" (Continue) at the top on the left of the menu.

Advances Page | 78

Retour au menu principal Continuer

The first dialog box for obtaining an advance checks that there is not already an advance currently granted to the same beneficiary. If this is the case, the system will be blocked immediately. The current advance needs to be settled.

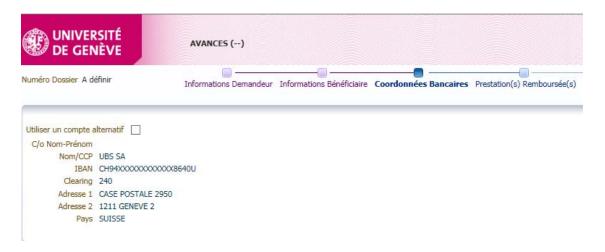

If an advance has already been granted, the following text will appear at the bottom of the screen under "*Prestations remboursées*" (What is to be refunded):

n° de l'avance existante 1856

b) Bank account details

For reasons of confidentiality, bank account details do not appear in full. The default account is the account the beneficiary's salary is paid into.

If the beneficiary wants to receive the payment to an account other than the one preselected by default, check the box "*Utiliser un compte alternatif*" and fill in the compulsory fields indicated with an asterisk (*).

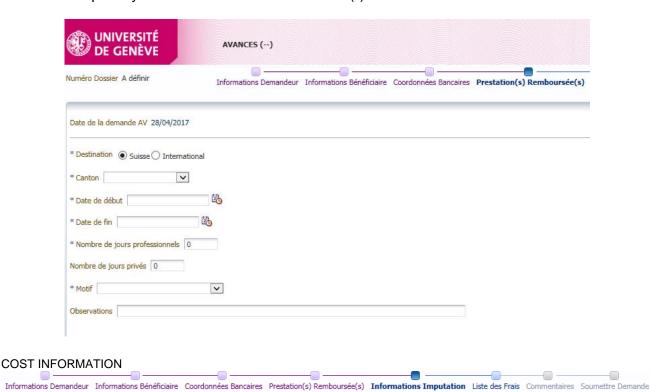

Under "Prestations remboursées" (What is to be refunded), enter the place and date where the expense will be incurred.

Fill in the compulsory fields indicated with an asterisk (*)

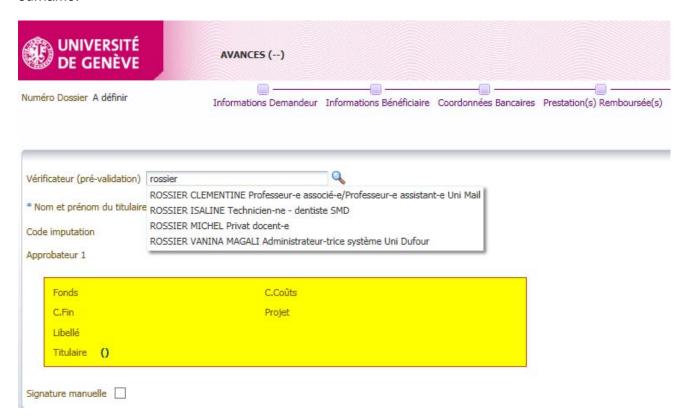

CHOICE OF FUND HOLDER

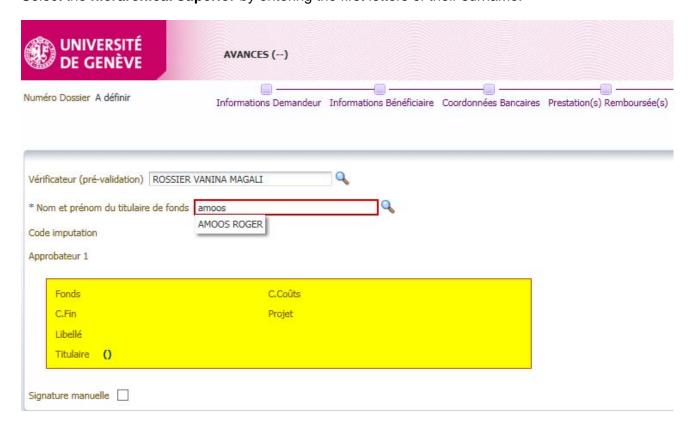

The **verifier** is the person designated by the beneficiary's hierarchical superior. This person ensures that all the information necessary for validation (approval) by the beneficiary's hierarchical superior is present. In particular, they check that all documents have been submitted by the beneficiary.

Search for the verifier designated by the fund holder (facultative) by typing the first letters of their surname.

Select the hierarchical superior by entering the first letters of their surname.

CHOOSING THE COST CODE

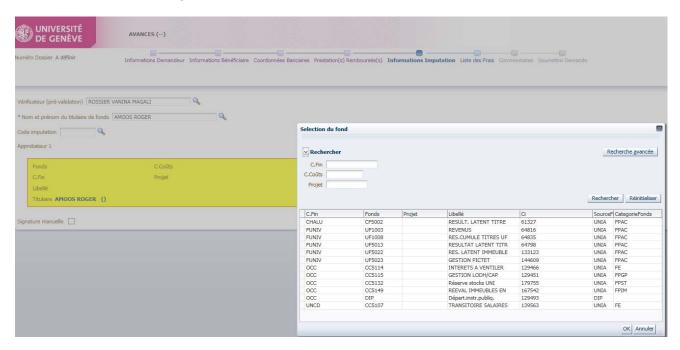

The **approver** is the beneficiary's hierarchical superior, who ensures the necessity of the expenditure and the availability of the budget.

The person who approves the expenditure is generally the fund holder, unless they took part in the event to be paid for, in which case the approver is the fund holder's hierarchical superior. If they also took part in the event, the person approving the expenditure needs to get it validated by their superior (Dean of the faculty or Rectorate level).

Click on the magnifying glass to select the cost code of the fund paying.

Do not enter the cost code manually. The system does not always recognise them, so the risk of error is high.

Advances Page | 82

MANUAL SIGNATURE

The checkbox "Signature manuelle" (Manual signature) is authorised if the fund holder (approver 1) is away long-term, so that the claim does not end up stuck in their inbox. Checking this box automatically interrupts the electronic approval workflow.

Signature manuelle

This function can only be used in exceptional circumstances.

Their substitute, designated by the verifier or the beneficiary, enters their surname, name and the current date, and signs the printed "manual signature" document before sending it to the accounting service.

In order of increasing seniority, possible substitutes are:

- The hierarchical superior within the cost centre,
- The department manager,
- The president of the section,
- The dean or the director of an interfaculty centre or the director of a division.
- The relevant vice rector or the secretary general,
- The rector

The accounting service checks that the hierarchy has been respected, and only accepts forms with "approved" status that have been signed by the authorised persons.

LIST OF EXPENSES Informations Demandeur Informations Bénéficiaire Coordonnées Bancaires Prestation(s) Remboursée(s) Informations Imputation Liste des Frais Commentaires Soumettre Demande

The list of expenses is for determining the type, budget item and the management of the administrative guide rules. By completing the list of expenses, you enable automatic compliance checks regarding the management rules set out in the administrative guide.

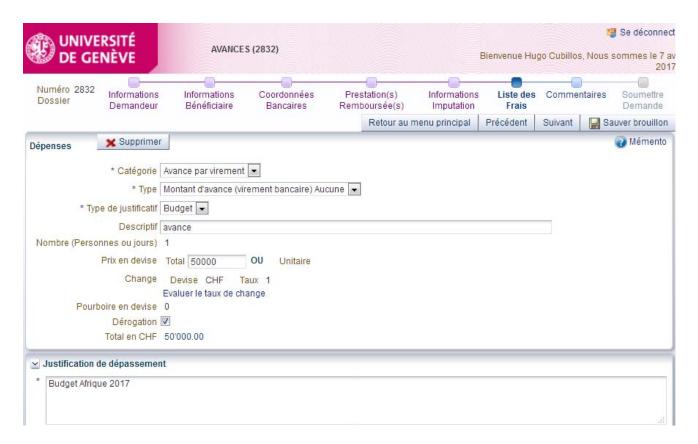

On the list of expenses screen, cash advances and advances by bank transfer are differentiated.

In principle, bank transfers to the account of the employee who is travelling are preferred.

Page | 83 Advances

If the advance is over CHF 3,500.00, the hierarchical superior's approval is required in advance. If the advance is over CHF 5,000.00, the request goes to a second or third level of approval (Dean's Office, Rectorate). The people who need to approve it are automatically designated by the system.

The advance is settled when the beneficiary of the advance provides evidence of their expenses when they return.

At this stage, it is possible to:

- Enter a comment for the accounting service, e.g. if part of the expenditure is covered by a
- Provide information relating to bank account numbers or any other important information for efficient handling of the case.

SUBMIT THE CLAIM Informations Demandeur Informations Bénéficiaire Coordonnées Bancaires Prestation(s) Remboursée(s) Informations Imputation Liste des Frais Commentaires Soumettre Demande

At the last stage, a summary of the data entered allows the claimant to carry out a final check before submitting the claim to the beneficiary.

A red text will appear indicating that the claim has been submitted. A case number is automatically created.

Manager displaces

Back on the main screen, the status of the claim will have changed from being a modifiable draft (*Brouillon*) to "Soumis bénéficiaire" (Submitted to beneficiary).

Madame, Monsieur,
En tant que vérificateur, la demande de remboursement de frais professionnels de CUBILLOS Hugo vous est soumise pour contrôle. Il vous appartient ainsi de vous assurer de la présence de toutes les informations nécessaires à l'approbation par le supérieur hiérarchique du bénéficiaire. En particulier, vous contrôlez la cohérence de la demande et des pièces soumises par le bénéficiaire (numérisées), puis pré-valider a demande
Vous la trouvez sous le lien suivant :
Réseau Unige :

https://wwwit.intranet.unige.ch/compta/rmbf/DmdValidation/home
Réseau HUG :
https://wwwit.unige.ch/compta/rmbf/DmdValidation/home
Avec nos cordiales salutations.

Dear Sir/Madam,

Hugo Cubillos's professional expenses claim has been sent to you as verifier. Please check that all the necessary information is present for the claimant's hierarchical superior to approve the claim. In particular, please check that the claim is coherent and that all necessary supporting documents have been attached (digitally), then pre-validate the request.

Links:

UNIGE network:

HUG network:

Kind regards.

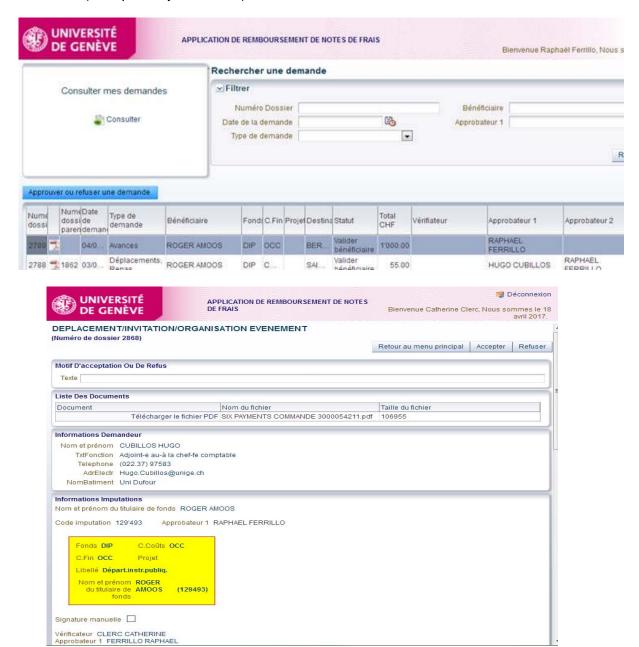

The **verifier** logs in using the link and checks the expenses claim and supporting documents. They carry out any particular checks identified in line with the approver's requirements.

Tapez votre identifiant pour l'Université de Genève et votre mot de passe ci-dessous, puis cliquez sur le bouton "Login" pour continuer.

Utilisateur:	CLERCCA	
Mot de passe:	•••••	
		Login

To check the claim, select the case and then click on the button "Approuver ou refuser une demande" (Accept or reject a claim).

c) Finally, **the approver** receives a message asking them to accept or reject the expenses claim.

If they reject it, it will be returned to the initial claimant with a compulsory text explaining the reason for the rejection. In this case, the only method for the claimant to reuse the data is to copy the expenses claim and to correct whatever led to the approver's rejection.

https://wwwit.unige.ch/compta/rmbf/DmdValidation/home	
Avec nos cordiales salutations.	
Dear Sir/Madam,	
Hugo Cubillos's professional expenses claim has been sent to you for approval in your capa as hierarchical superior, fund holder or cost centre manager (verified by Catherine Cle Please check the necessity of the expenditure and the availability of the budget.	,

The approver also clicks on the UNIGE intranet link. They will see the same screens as before. They can still reject the request.

Tapez votre identifiant pour l'Université de Genève et votre mot de passe ci-dessous, puis cliquez sur le bouton "Login" pour continuer.

Select the case and then click on the button "Approuver ou refuser une demande" (Accept or reject a claim).

After ensuring the necessity of the expenditure and the availability of the budget, the approver accepts or rejects the claim using the buttons "Accepter" (Accept) and "Refuser" (Reject).

d) The approved expenses claim is then returned to the claimant via the email below.

MAIL à Vanina.Rossier@unige.ch

Madame, Monsieur,
La demande mentionnée ci-dessus a été validée pour le bénéficiaire : CUBILLOS Hugo (approuvée par l'approbateur
1 FERRILLO Raphaēi).
"Veuillez faire parvenir la fiche demande de remboursement ainsi que les justificatifs originaux par courrier interne
au service de la comptabilité, rue Général Dufour 24, 1211 Genève 4 "
Vous la trouvez sous le lien suivant :
Réseau Unige :
https://wwwit.intranet.unige.ch/compta/rmbf/DmdSaisie/home
Réseau HUG:
https://wwwit.unige.ch/compta/rmbf/DmdSaisie/home
Avec per speciales salutations

Dear Sir/Madam,

The abovementioned request has been validated for beneficiary Hugo Cubillos (approved by approver 1 Raphaël Ferrillo).

Please send the claim form and the original supporting documents by internal mail to the accounting service, Rue Général Dufour 24, 1211 Genève 4.

Links:

UNIGE network:

HUG network:

Kind regards.

The claimant clicks on the UNIGE intranet link and logs in. they note the status (in the column "Statut"). The case is "Soumis comptabilité" (Submitted to accounts) and therefore approved.

Numbro dossier		Num Date doss de parei demar	Type de demande	Bénéficiaire	Fonds	C.Fin	Projett	Destina	Statut	Total CHF	Vérificateur	Approbateur 1	Approbateur 2	Appr
2790	7	04/	Repas	ROGER AMOOS	DIP	occ	1		bénéficiaire	1'895.00		FERRILLO		
2789	1	04/	Avances	ROGER AMOOS	DIP	occ	-	BER	Soumis comptabilité	1'000.00		RAPHAEL FERRILLO		

The following actions need to be performed to finalise the case:

- ♣ The claimant prints the pdf of the approved form and attaches the original supporting documents. This makes up the case file.
- The case file is sent to the accounting service by internal mail.

Only expenses claims approved by the fund holder or other approver can be sent to the accounting service. The status is then "Soumis à la comptabilité" (Submitted to accounting) on the main screen, but APPROUVE (APPROVED) in the pdf document to be printed.

Copy an expenses claim

This function is useful if a beneficiary is dealing with similar expenses claim, or if a claim needs to be modified following rejection by the approver. To copy a claim:

- Go to the line of the request that you want to copy.
- Click the button "Dupliquer" (Copy).
- A message will appear confirming that the claim has been copied. You can then click on "Modifier" (Modify) to enter the information that is different to the original claim.

View an expenses claim

This function is available to all users. To check the status of a claim sent to the beneficiary, verifier or approver, click "Consulter" (View) on the main screen and select the relevant line.
